BACKGROUND EXPERIENCE

Please briefly present your organization (e.g. its type, size, scope of work, areas of specific expertise, specific social context and, if relevant, the quality system used).

IPF INTERNATIONAL is a private company located in southern Spain, specialized in management, development and implementation of training plans and an advocate of cultural events, arts, diversity and education. The company's main focus lies on the development of courses for adult learners, youngsters and the unemployed in order to improve, explore, and acquire new tools and skills for intercultural communication and education.

IPF INTERNATIONAL also prepares various mobility programs for teachers and students at an international level, combining language training and practical experiences, with the aim of enhancing and improving professional qualifications of young people and thus promoting their individual abilities, linguistic competencies, and developing entrepreneurial spirit. With more than eight thousands beneficiaries through national and international

projects, IPF International Consulting is proud to also transmit the cultural heritage of southern Spain through activities, which open perspectives on arts, diversity, education and culture.

We believe it is essential to encourage the project participants to improve their ability to adapt themselves to new cultures and, and most of all, to enable them to insert themselves into the labour market and we have been successful in doing so for over 20 years.

What are the activities and experience of your organization in the areas relevant for this project? What are the skills and/or expertise of key persons involved in this project?

As a training center, and most importantly, as a training center located in Spain, in a country, which is suffering from the crisis in a very extreme way, one of our main aims is to prevent unemployment within our society. This is part of our success. The topic of the project is particularly important for us, as developing material, sharing information and participating in partnership meetings will contribute to the development of methods concerning the disadvantage population, who are the main target group of this project.

Staff involved in the project:

Mr Miguel Angel Postigo Rodriguez

Mr. Postigo is the director of IPF INTERNATIONAL. He handles both National and International projects and also works as technician and web designer. His main duties are to assist and advise participants on all the issues regarding their stay, as well as monitoring, development of reports, certificates, etc. Studies: Degree in Management and web design.

Mrs Carina Lago Gonzalez

Carina Lago is the Coordinator of the International Department. She became part of IPF INTERNATIONAL in 2013, joining the Department of Incoming - European mobility programmes that manage the organization and coordination of business practices. Her main tasks are coordination and execution of European Projects. She also manages International Relationships, Studies and Researches in connection with European Level Projects. Studies: She has studied Spanish language, graphic design and history of art in Camden College and has a degree in Surface Design from the London University of Communications.
